Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 20 April 2004.
2a) ☐ This action is FINAL. 2b) ☒ This action is non-final.
3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

DETAILED ACTION

Oath/Declaration

The oath/declaration dated on 9/17/03 is acceptable.

Election/Restriction

Application's election **without traverse** of claims 1-14 drawn to a method of chemical mechanical polishing a wafer is acknowledged.

Information Disclosure Statement

Information Disclosure Statement (IDS) filed on 06/25/03 and made of record.

The references cited on the PTOL 1449 form have been considered.

Claim Rejections

Claim Rejections - 35 USC § 112

Claim 1 is rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, " removing material from the wafer using a chemical mechanical polishing process " is not clearly defined the subject matter regarded as the invention.

What material is removed? Is it material of the optical property modifying layer? Base on claim 1, the optical property modifying layer is the top layer, so the material to be removed in the step of "removing material" would be the optical property modifying material, but then it is contradict to the subject matter disclosed in the specification and contradict to the next step of "to determine when the optical property modifying layer has been reached". If the property modifying layer has been removed then the step of determining "when the optical property modifying layer has been reached" is improper.

If the material to be removed by chemical mechanical polishing is other than the optical property modifying material, then which material, and when and where that material is deposited in order to be removed?

The remaining claims (claims 2-14) are dependent from the above rejected claim and therefore also considered indefinite.

If Applicants are aware of better art than that which has been cited, they are required to call such to attention of the examiner.

A shortened statutory period for response to this action is set to expire 3 (three) months and 0 (zero) day from the day of this letter. Failure to respond within the period for response will cause the application to become abandoned (see M.P.E.P 710.02(b)).
